# Deeper Tanzania Northern Migration

DAY-BY-DAY ITINERARY

*Safari in style with private guide*

In the cool morning air,  
just after the sun rises,  
the savannas of northern  
Tanzania come alive.

It's the quintessential Tanzanian safari taken up a few notches. View the world famous Northern Circuit's three great national parks. Begin in Tarangire National Park, known as the place of elephants. Make your way through the Ngorongoro Crater, home to countless species and colorful cultures. Conclude in the majestic Serengeti where big cats are king and wildebeest roam the open plains. Feel the pulse of the wilderness, while remaining comfortable in stylish camps and lodges.

# Welcome to Deeper Africa

DAY 1

# Gran Melia Arusha

Upon clearing customs at Kilimanjaro International Airport, your guide will greet you holding a Deeper Africa sign with your name on it. On the drive to Arusha, if the weather is right, you may catch a glimpse of the legendary Mount Kilimanjaro.

DAYS 2 &amp; 3

# Olkeri Camp

## Tarangire National Park

After breakfast, drive into the wild of Tarangire National Park. Search for wildlife, have a picnic lunch and head toward Olkeri Camp in the unspoiled wilderness far from other lodges or camps.

Tarangire boasts one of the largest and most conspicuous elephant populations in East Africa. Observe their unique behavior along the Tarangire River and the Silale

Wetlands where many close-knit elephant families come together. The big cats, particularly lions and leopards love the rolling savanna here as well.

At the end of the day, enjoy a wonderful safari tradition: sundowners (drinks at sundown). Being so close to the equator, sunsets are quick and brilliant.

DAYS 4 &amp; 5

# Craters Edge

## Ngorongoro Crater

Dry plains rapidly turn to lush coffee plantations and tropical vegetation on the drive from Tarangire to Ngorongoro Crater Conservation Area. Once on the rim you'll journey to Craters Edge.

Head into the Crater early as dawn bringing a wave of activity in the natural world. Welcome to an astonishing microcosm of East African wildlife environments: grasslands, wetlands, acacia forest and a soda lake. At the right time of day, flocks of flamingoes wade into the soda lake to feed. Zebra, wildebeest, giraffe and gazelle mingle on the savanna and buffaloes graze in the long grass. It's not uncommon to see lions and possibly a first cheetah sighting in the Crater, on this "mini" savanna.

Wildlife viewing

Set off in the Land Cruiser with your guide for the eastern Serengeti and the Namiri Plains. This section of the Serengeti has been closed to the world for more than 20 years. The Frankfurt Zoological Society has been tending this area, working to create a safe haven for cheetah. The Ngare Nanyukie underground river creates pockets of permanent water that supports year round concentrations of wildlife. That means easy prey available throughout the year. Frankfurt has built on that

permanent water source and their efforts have not only significantly increased habitat for cheetah, but for all predators. This is big cat country with the highest density of cheetah in East Africa, who fly across the plains in pursuit of prey. Leopards hunt beyond the sight of human eyes and lions rule the grasslands. The little cats, including caracals, servals, and African wild cats, also make their presence known.

*Includes:*

DAYS 8 & 9

# Serengeti Mara River Camp Serengeti National Park

Moving north, enter the land of the famous Serengeti migration. This protected area is one of the world's largest wildlife refuges and covers territory in both Tanzania and Kenya. The herds gather on the Tanzanian side of the ecosystem for their epic march stretching more than a thousand miles.

The migration is most well known for its vast herds of wildebeest, zebras and Thomson's gazelle. Wildebeest harvest the highly nutritious, short grasses covering the semi-arid plains. As the herds stampede out across the plains, witness the greatest wildlife show on the planet.
